Chenchu Forest Ministry Update

Gospel transformation as new believers take steps of faith in challenging regions

Dear Friends,

On behalf of Multiply and the ministry team in South Asia, we extend our heartfelt thanks for your partnership and for participating in what God is doing in this region. Your financial generosity and prayers are essential as the Good News is taken to the least reached. Before you read, may we ask that for the safety of the workers and believers in these regions, **please do not share or distribute the contents of this letter without expressed consent from Multiply.** Thank you for your discretion.

Pastor Ross and some of his ministry team

Over the past months, many people across the Chenchu region have heard the Gospel. Pastor G. Ross, our national partner for the region, reported that during March 2026, **six Chenchu tribal people placed their faith in Christ**, and three people took the significant step of baptism.

This baptism service was conducted in Achampte town where both believers and non-believers gathered. The Word was shared, there was a time of prayer, and the **three individuals were baptized.** This was followed by a time of fellowship, where a celebratory meal was shared together. As part of the gathering, some gifts of clothing were also given.

G. Ross expressed gratitude, saying, “We praise God for their lives. **We believe that these young people will become disciples of Christ.**” Please continue to pray for what God is doing in the lives of the Chenchu people and the next generation.

Three new believers being baptized

We once again extend our heartfelt thanks to you for your financial and prayerful support. As God continues to grow His Church, more and more people are being impacted by the love of Jesus, and lives are being transformed, so that **together the world may know Jesus.**
